The British troops in Macedonia seemingly have started an operation against the Teutonic allies which may develop westward along the battle front and eventually confront with the successful drive which is being carried out by the French and Italians in Albania. West of the town of Foiran which lies on the railroad north of Saloniki, the British have delivered a blow against the Bulgarians which was productive of good results.

Details of the operations are lacking but it is not unreasonable to assume that it had in view the ultimate capture of the railroad line running northward from Uskub and the outflanking of the enemy lines north-east of Monastir.

Meanwhile in Albania, the French and Italians are giving the enemy no rest, pressing him back daily, mile after mile over the trackless country and capturing strategic positions and villages.

The latest official communication shows that the French troops have taken the village of Narta and Gramshi which brings their eastern flank appreciably nearer Lake Ochrida.

Bad weather conditions continue to prevail on the greater portion of the battle front in France and Flanders and the military operations are still far below normal. Nowhere have there been any engagements ranking in importance above trench raids and patrol encounters.

On several sectors, however, big guns are constantly hammering away at opposing positions, particularly on the American front along the Marne, where the activity of the long range pieces has increased perceptibly; on the sectors held by the British, near Albert, Kemmel Hill and Ypres and near Corcy where the French face the enemy.

As yet there is no indication that the date for the commencement of the expected grand offensive by the Germans—the battle which it is thought will prove the greatest effort the enemy has yet made—is at hand. The military observers, however, still incline to the belief that with a cessation of the rains, the drifting away of the low lying clouds and a return of clear skies, an attempt at a big drive or the piercing of the allies front will be made.

All apparently is in readiness in the entente camps for any eventualities and supreme confidence evidently prevails among the commanders that the men and guns the enemy will have to face will prove an insurmountable barrier to Paris or the channel ports.

The list of the two hundred colored selectives will be made up this afternoon from the 250 class one men summoned. They will be given special honors Wednesday night at the Tabernacle.

IN HONOR OF VISITORS.

Mr. and Mrs. Will Forbes gave a delightful picnic supper out at the Golf Links last Thursday evening for Mr. and Mrs. Horace Wilkins, of Houston, Texas, who are the guests of Mrs. Wilkins—parents, Mr. and Mrs. Henry D. Wallace. The following couples enjoyed their hospitality: Mr. and Mrs. Horace Wilkins, Mr. and Mrs. Oscar Bass, Mr. and Mrs. Eric G. Peterson, Mr. Jno. P. Thomas and Miss Bessie Wallace. Mr. L. Aubrey Tugley and Miss Annie Forbes.

FIELDS-BIVINS.

William G. Fields, a farmer of the Antioch Church neighborhood on the Kirkmansville road, and Miss Della Bivins, a young lady of the same community, were married yesterday at the courthouse by Judge Champlin.

NEW BATTLE IS RAGING AMERICANS TAKE 1,500 PRISONERS

SAMMIES IN THE THICK OF THE BATTLE

(By Associated Press.)

With the American Army on the Marne, July 15.—A strong American counter attack south of the river bend completely upset the Germans, who broke in retreat. The American troops drove the enemy back all the way to the railway skirting the Marne in the region southwest of Jaulgonne. This position is being held. Many prisoners were taken. They include one major, two captains, and four hundred men so far have been counted. The French general in command of the group of armies in this sector sent a congratulatory message this afternoon to the American general commanding the forces which beat back the enemy.

FOLLOWING THE FLAG

SOLDIER BOYS.

Mrs. Iley West, of Crofton, has received the following letter written on shipboard by her husband, whose safe arrival in France has just been reported to her:

Dear Wife:—How are you? I'm fine and dandy. I'm on the ship ready to start across. You will hear from me as soon as I get across. Don't worry. I will be back all o. k. and it won't be long. I would like to see you before I go but can't, so may God be with you, until we meet again. Tell everybody good-bye for me and kiss mama too. I know she will almost die. Cheer her all you can, for it isn't as bad as you think. Can't think of anything else so I will close. Be a good sweet girl until I come home. ILEY WEST.

Dr. W. W. Durham, of the Western State Hospital, has received orders to report July 20 to Camp Pike at Little Rock, Ark., for service in the medical reserve corps. Dr. Durham volunteered some months ago and has been awaiting his orders to report. He will leave the State institution today and spend a few days visiting and looking after business affairs before leaving for Camp Pike.

DIES FROM PNEUMONIA

EARL JOHNSON SUCCUMBS IN
NASHVILLE AFTER NINE
DAYS ILLNESS.

News was received here yesterday afternoon late that Earl Johnson, aged 21 and second son of Mr. and Mrs. Charles Johnson on 23rd St., had succumbed to an attack of pneumonia in the city of Nashville. Death occurred late yesterday afternoon after an illness of nine days.

The deceased had been working at the big powder plant at Hadley's Bend until taken sick ten days ago. The body will arrive here on the early train this morning and will be taken to the home of the parents on 23rd street. The funeral will be held sometime today but the exact hour could not be learned last night. After the funeral interment will take place in Riverside cemetery.

J. E. JOHNSON DIED SUNDAY

John E. Johnson died Sunday afternoon at the home of his brother, T. P. Johnson, of Oak Grove. His trouble was dropsy complicated with heart disease. He was 52 years of age and until he became ill was connected with Dr. G. P. Isbell's veterinary hospital. He is survived by his wife and four children and his brothers, T. P. and J. C. Johnson.

Mr. Johnson was a member of the Christian church and his funeral services were held yesterday morning by Rev. E. S. Smith at the home of his brother near Oak Grove, and his body was brought here for interment in the Riverside cemetery.

MISS GREEN ENTERTAINS.

Miss Addie Green entertained the Little Bridge Club Saturday morning. A delightful series of games was played by the following ladies: Mrs. Horace Wilkins, of Houston, Texas; Mrs. O. B. Nelson, of Allentown, Penn.; Mrs. Jno. T. Edmunds, Mrs. Will H. Forbes, Mrs. Jas. B. Winfree, Mrs. Milton G. Moore, Mrs. Eric G. Peterson, Miss Bessie Wallace, Miss Frances Summers, Miss Mary Clark, Miss Annie Forbes, and Miss Addie Green.

Private Jewell Wilson, of Camp Beauregard, Louisiana, is at home for a few days on account of the accidental death of his brother in Muhlenburg county a few days ago. He will return to camp Thursday.

Dr. M. G. Buckner, pastor of the First Christian Church at Owensboro, for ten years, has asked his congregation to relieve him of his pastoral duties in order that he may devote his whole time to war work.

Sam Stroube, of Oak Grove, who recently volunteered in the Navy, will leave Thursday for the Great Lakes training camp.

Turner Cline, son of C. D. Cline, of Macedonia, left Saturday for Great Lakes, Ill., to enter into training for the U. S. Navy.

INVASION OF RUSSIA WELL UNDER WAY

AMERICAN MARINES ARE LAND-
ED TO CO-OPERATE WITH
THE BRITISH TROOPS.

(By Associated Press.)

Washington, July 15.—Although overshadowed by tremendous developments on the Western front the situation in Russia and Siberia in presenting new phases daily. At no less than three widely separated points has opposition to the Soviet government greatly strengthened the allied position, thus heavily taxing the inadequate Bolshevik military machines. On the shores of the Arctic and White seas small international entente forces, which have been holding railroad terminals at Kola and Murmansk are understood to be advancing southward toward Vologda, after receiving reinforcements which included American marines and sailors. It is not known if Americans are participating in the advance. It is doubted if they would do so in the absence of special instructions, unless as a matter of defense.

The Swedish advices indicate surprising changes at home among the Finns toward their German controlled government, making it impossible for them to raise volunteer troops to attack the entente forces.

INTERVENTION ACTUAL FACT.

(By Associated Press.)

London, July 15.—American and British troops have occupied the whole of the Murman coast in northern Russia, according to a Moscow dispatch.

After capturing Kem, a railroad station on the White Sea coast, the dispatch adds, the American and British forces advanced toward Torok.

The Russian Bolshevik authorities have withdrawn to Nirok. The commander of the entente allied forces have issued an appeal to the population of the Murman coast requesting their help against Germany and Finland.

They have declared that the coast is Russian territory and under the protection of the entente.

AMERICANS BEAT BACK HUNS AT THE RIVER MARNE TAKING HUNDREDS OF PRISONERS

LATEST.

(By Associated Press.)

Washington, July 15.—The expected renewal of the German offensive in France has begun. A fierce battle is in progress on both sides of the famous cathedral city of Rheims. West of Rheims the Germans with the pressure of great forces preceded by a veritable hail of high explosives crossed the Marne at several places. East of the city they have been held for the smallest gains by desperately resisting defenders. Altogether the whole battle line aggregated sixty-five miles. The American troops fighting valiantly, have met with notable success. At Vaux they have not only held the enemy but drove him back several hundred yards returning to their trenches only when the German passage of the river Marne southeast of Chateau Thierry made their retention strategically important. Along the Marne between the Fossoy river Sur Melin the Germans crossed the Marne but were forced back by vicious American counter blows. At other points the Americans used machine guns with the greatest effect against the Germans while crossing streams. The German strategic scheme has not yet been unfolded but it seems evident the first object is outflanking Rheims forcing the city's evacuation, then gaining of the southern bank of the Marne straightening the line toward Verdun may also be an object. While the Germans were beginning the drives the British were attaining considerable gains further north. Italians have continued to make gains in Albania, while the entente forces have gained control of the Murman coast in northern Russia.

HISTORIC BIBLE

ONE OF THE SCHOOL BIBLES OF
MAJ. J. O. FERRELL NOW
AT RIVERSIDE CEMETERY
CHAPEL.

The Bible used in the Chapel at Riverside Cemetery is the same Bible said to have been used in the Ferrell High School in this city up to the time it closed in February 1903. It was given by Mrs. Ferrell with other books to the Public Library and was found there by Mrs. V. L. Gates, of the committee to furnish the chapel who secured it for the cemetery. Mrs. J. P. Thomas put a beautiful cover on the historic Bible that is a work of art and it now occupies a place on the pulpit of the chapel.

It was the custom of Maj. J. O. Ferrell to read a chapter from the Bible every morning and open his school with prayer.

The Bible used for this purpose was a small one that he could hold in his hand.

It is a singular coincidence that Maj. Ferrell's lot adjoins the chapel and his grave is not ten yards from the chapel building.

JOLLY FOR JOHN.

Hon. John Chilton, warden of the Eddyville penitentiary, is proving himself to be one of the best the state has ever had. The State realized \$13,000 profit from the farms which have been rented, worked and managed by Warden Chilton. The day will soon come when there will be no contract work in the penitentiaries, and that all of the prisoners except the most vicious ones, will be used on prison farms, which will be a great benefit to them and a profit to the state. The day is coming when wardens such as Mr. Chilton, at these times, will only have a few prisoners compared to what they have had in the past.—Mayfield Messenger

BONDS FOR THE FOURTH.

Bonds of the Fourth Liberty Loan are now being turned out by the thousands daily by the Treasury's Bureau of Engraving and Printing. The bonds are similar in form and design to those of the third loan, and space has been left on each bond for insertion of the exact terms of the bonds.

It is believed that a sufficient number of the bonds will be ready to make possible immediate delivery of all bonds of the fourth loan as they are purchased.

CIVIL SERVICE EXAMINATION.

The U. S. Civil Service Commission announces an open competitive examination for railroad mail clerk, for men only, on August 10, at Hopkinsville. Entrance salary \$1,100 a year. Further information can be obtained by calling on Elbert Turner, Hopkinsville Postoffice.

EARLY REPORTS.

After a delay of more than a month the Germans this morning started their fourth offensive on a larger scale than any heretofore by attacking from Chateau Thierry to Maisons de Champagne, north of Massiges and far east of Aeneas, over a front of about sixty-five miles.

Last night a terrible German artillery fire began.

For hours the entente lines were under tremendous bombardment extending to towns and cities far back of the lines, apparently from naval guns.

The Americans at Chateau Thierry bore the brunt of the fierce onslaught.

When the enemy infantry appeared, the Americans swarmed out and met the enemy with a rain of machine gun bullets.

The first reports said the Americans were holding their own.

In the attack on the Marne front the Germans, at many bridges across the river, began crossing under a withering artillery fire.

The first crossing was made at the peak of a big river bend.

Here American machine gunners fought and died where they stood.

Other American troops withdrew strategically as the enemy attacked from east of Chateau Thierry to east of Dormans, making additional crossings.

Shortly after eleven o'clock one American infantry regiment counter attacked in the region of Condo, prior to which the German advance appeared to have eliminated the river salient.

We want to protest once more about taking too many prisoners.

THOUGHT EDISON'S SON HAD EASY JOB.

Charles Edison, son of Thomas A. Edison, says in the August American Magazine.

"Not long ago, I went into the office of a New York notary public with some papers I wanted to have witnessed. The notary read along without comment until he came to my name.

"You're not Thomas Edison's son, are you?" he asked.

"When I said that I was, his manner changed immediately.

"Well," he laughed, "I guess you don't have to worry much! It's pretty soft for you fellows that can work for your old man."

"I smiled—but I just wished he could put in a few days working for Thomas A. Edison! I'd like to hear his opinion of the 'softness' of the job when he got through. And it wouldn't make any difference whether he went in as my father's son, either."

"I think that is one of the chief reasons why I do work for my father—because he does not make any difference in his business treatment of me on that account."

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

TWO BROTHERS WOUNDED.

Evansville, Ind., July 16.—Both of the Girten brothers serving with the United States marines in the attack at Chateau Thierry were wounded according to a letter received Saturday by Mrs. Vera Tillgamp, living in this city. The letter, which was dated June 19, was from Madison Leo Girten and he spoke of his brother and himself being wounded. Since the writing of this letter, however, Mrs. Thena Girten, who now lives at Sturgis, Ky., has been notified by the War Department of the serious wounding of her son, Charles Lester Girten. Mrs. Girten has four boys in the United States service and they are all in France.

WORK STOPPED.

Madisonville, Ky., July 16.—Work on the Illinois Central extension from Providence to Dawson Springs was stopped last week, by order of the Director General of Railroads, and the construction companies at work on the road have moved their teams, graders, locomotive and other equipment away. Scarcity of labor has hampered the work from the outset. Material has also been hard to get, owing to war demands, and the contractors could not have completed the work without a great loss of time. It is likely no further attempts will be made to resume work on the road until after the war.

24 NATIONS IN ECONOMIC PACT

LORD CECIL DECLARES WILSON HAS DEFINED THE FREEDOM WHICH MUST GUARANTEE.

GERMANY IS AN OUTLAW.

BOYCOTT OF THE WORLD MUST HEDGE HER UNTIL PEOPLE SHE OPPRESSES ARE FREED.

London, July 16.—An economic association of 24 nations comprising the entente allies already in existence, declared Lord Robert Cecil, British under-secretary of state for foreign affairs and minister of blockade, in a comprehensive statement regarding the world's trade after the war which was issued.

Whether Germany eventually shall be admitted to this economic association, declared the British minister, will be determined by the test established by President Wilson when the president said on Dec. 4 that if the German people should "after the war was over, continue to be obliged to vile under ambitious and intriguing masters interested to disturb the peace of the world," it might be impossible to admit them to the partnership of the nations or to free economic intercourse.

Lord Robert described this statement by the president as a definition of the qualifications for membership in the association of nations and added: "To these declarations, we give our warmest assent."

Germany is the one obstacle to this economic association of nations, still Lord Robert—the Germany described by President Wilson—a Germany living under ambitious and intriguing masters.

Russian Policy Stamps Her. "Germany's economic policy toward all the grouping of peoples from the Arctic ocean to the Pacific," he continued, "is absolutely contrary to our principles. Economic independence and freedom were the last things which Germany will ever allow to the peoples within her reach."

"So long as this is the policy of Germany, how can we admit her to membership in the free association of nations to which we already belong?" asked Lord Robert. "Before we can offer her any participation in our resources we must release her victims from the economic slavery that she is imposing upon them."

PARIS CELEBRATED.

Paris celebrated the anniversary of the fall of the Bastille with a parade of heroes of all the Allies' armies, men who had distinguished themselves for valor in the contest against autocracy. First in the parade were the French, then followed the Americans, whose appearance was hailed at every step by cheers from the crowd. Girls threw flowers upon them and spectators gave them a rousing ovation. Belgians, Canadians and British then followed.

U. S. AIRPLANES ACTIVE IN TOUL

Pursuit Squadron Engages in
Number of Clashes.

MORE VICTORIES ARE SCORED

Tennessee Aviator Achieves Success in
Unequal Combat—Brings Down Two
Hun and Evades Three—Enemy
Planes When—His Machine Gun—
Became Jammed—Auto Racer—Scores
Another.

An American aerial pursuit squadron is operating over the American sector northwest of Toul. It is permitted to announce. All the pilots whose air exploits have been recorded up to this time belong to this squadron, which has a special insignia. The squadron is flying in Nieuport chasing machines.

The first victories, in which the American squadron brought down two German machines, were gained the day after they took up flying on this sector. The occupants of the German machines were made prisoners.

Other machines, aside from those in this squadron, also are flying on the Toul front. The fact that an American squadron was there could not be mentioned previously because it was not desired that the Germans should know of the fact.

But after there have been so many fights at close range and two American machines have fallen it is believed certain the enemy knows an American squadron is operating on this front. There is also the fact that Capt. James Norman Hall has fallen behind the German lines and been made a prisoner.

Downs German Airplane.

Lieut. Edward Buford, Jr., of Nashville, Tenn., was officially credited with shooting down a German airplane over St. Mihiel on May 22.

Buford while patrolling encountered two German pursuit planes. The fighting continued only a few minutes. Lieut. Buford attacking one of the German planes, which tried to lead him into the fire from the other. Suddenly Lieutenant Buford looked overhead and saw two more Germans coming down from out of the clouds for him. He took a dive, all of the Germans diving at the same time, and when he came up he had one of the enemy planes in front of him. Buford began firing with his machine gun, causing his adversary to disappear in a nose dive. Although he was sure he had hit the German, it was not until later that the victory was confirmed.

A few minutes later Lieutenant Buford by maneuvering managed to get behind two of the remaining three machines and opened fire, but his machine gun jammed. As he was unable to use his weapon he started in a series of skilful dives and turns and was successful in shaking off the three enemy planes.

Lieut. Edward Rickenbacher, the former automobile racer, has added another aerial victory to his record. Announcement was made that it had been confirmed that the Lieutenant shot down a German biplane in the neighborhood of Thiaucourt on May 22. The fight took place 5,500 meters in the air.

Gets on Enemy's Tail.

With another pilot Lieutenant Rickenbacher engaged in a long fight with two enemy machines. Rickenbacher finally got on the tail of one machine and fired more than a score of shots at short range. The enemy machine went into a spinning nose dive, but it was uncertain whether it hit the ground, so the Lieutenant was not credited with a victory at the time. Positive confirmation that the machine crashed to the ground has since been obtained.

No confirmation is obtainable concerning the German report that three American airplanes have been shot down in the Lys region.

FAMILY IN SIX WARS

Some Member Has Served the United States in Each One.

When F. Levi Dees, aged 65, enlisted recently in the engineering corps in St. Louis, a record of 140 years was perfected, a member of the Dees family having served in every one of the six wars in which the United States has participated.

His great-grandfather served in the Revolution, furnishing his own rifle, clothing, etc. His father, Justice J. H. Dees of Edwardsville enlisted for the Civil war at the age of fourteen.

Levi Dees is an expert engineer, and his age, which in other branches would be considered a drawback, was regarded as an asset. After passing the examination he was sent to Wilmington, Del.

BINGHAM GETS \$5,000,000

ONE YEAR AGO LOUISVILLE AT-
TORNEY'S WIFE, FORMERLY
MRS. HENRY M. FLAGLER,
DIED.

Lexington, Ky., July 16.—On July 27, Judge Robert Worth Bingham, of Jefferson county, Kentucky, who maintains a prosperous law practice in Louisville, will be \$5,000,000 wealthier than he is now. On that day, one year after his wife, who was Mrs. Mary Lily Flagler, widow of Henry W. Flagler, the Standard Oil Florida hotel railroad multi-millionaire, died, the money will be paid over, but he will be cut off from participation in any other part of the estate left by his wife, which is estimated to be worth all the way from \$85,000,000 to \$130,000,000.

ENTENTE AND TEUTONIC RESOURCES.

The Entente Allies—excluding Russia and including only those British dominions which are self-governing and only the United States proper—have 11,000,000 square miles of territory, 303,000,000 people, and \$495,000,000,000 of national wealth. The Central Powers have 1,250,000 square miles of territory, 147,000,000 people, and \$134,000,000,000 of national wealth.

The entente owe an aggregate debt of \$69,000,000,000, which is about 14 per cent of their total assets. The Central Powers owe \$37,000,000,000, or 28 per cent of their national wealth.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an infected condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. R. C. Hardwick's Catarrh Medicine acts thru the blood on the mucous surface of the ear.

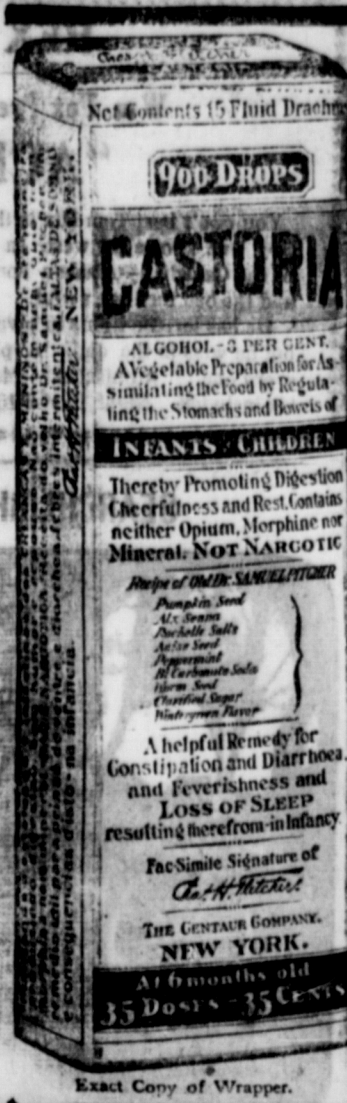

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by R. C. Hardwick's Catarrh Medicine. All Druggists, etc.

LARGE CROWDS CAME OUT

EVERYWHERE TO WITNESS EXHIBITION OF HILLIS' WAR PICTURES—CAMPAIGN CONTINUES.

Everywhere the exhibition of the Hillis' War Pictures have been shown in this county large crowds have seen them and they sit in bewilderment while looking upon the scenes and listening to a recital of the bloodiest, most atrocious, and most blood-curdling acts ever committed by human hands.

Saturday afternoon and night large gatherings were at both Kelly and Crofton, the crowd at Crofton being so large the pictures had to be shown out doors.

Sunday three meetings were held at Honey Grove, New Idea Consolidated School and Dogwood. At all these places the buildings were filled to overflowing. The purpose of the pictures and the meaning of the War Savings Stamps were explained at all these meetings by R. E. Cooper, Chairman of the Council of Defense. The pictures and history of each were told by Mr. Jake Crider, and the follow-up patriotic addresses were delivered by J. B. Allensworth. The machine and pictures were operated by T. J. Baugh, the electrician. Others who helped to make up the party were Mrs. R. E. Cooper, Miss Annie Forbes, L. E. Foster, Geo. Kolb, H. A. Robinson, E. B. Barnes and W. L. Gore. At Dogwood Sunday night the party was joined by Mrs. E. P. Barnes and Mr. and Mrs. Koffman.

Yesterday afternoon the pictures were shown at Bluff Spring by request, the original schedule not including this place. Last night the meeting at Gracey was largely attended and much enthusiasm aroused there as at Bluff Spring and all other places.

This evening at 8:30 these pictures will be shown at LaFayette where a rousing meeting is in the making. The meeting for the remainder of the week are Howell, Wednesday night; Kennedy, Thursday night, and Pembroke Friday night. Children under 18 are not allowed to attend the showing of these pictures.

REX TO-MORROW.

FIVE FAMOUS STARS IN A SINGLE PICTURE.

Five of the most famous stars of the screen will all be seen in a single picture when "The Cabaret" comes to the Rex theatre to-morrow. These stars are Carlyle Blackwell, June Elvidge, Montagu Love, John Bowers and George MacQuarrie, and they give a presentation of this strong play that will long be memorable in the annals of the industry.

The exceptional strength of this cast was chosen because of the exceptional strength of the story. "The Cabaret" is a forceful, unusual, intensely interesting dramatic document which is splendidly worth its presentation by such an all-star cast. It is a story of present-day life in the famous Greenwich Village, of New York City, where so many of the modern internationally famous authors and artists live and work.

"The Cabaret" is, of course, a love story. Love is the vital force that moves the characters to such dramatically intense action. It is a love story that is unusual, too. It shows the Bohemian nature of the life lived in "The Village" as few other films have recently done, and in doing this it presents a number of fascinating views of this remarkable section of the big city.

Carlyle Blackwell is seen in a different, but highly congenial role in this picture. He has the "heavy" part, which Montagu Love takes the part of the silent but faithful lover. "The Cabaret" is a picture that you will enjoy and talk to your friends about. By all means, see it.

SEARCHLIGHT BATTERY READY FOR THE DAILY DRILL

The mobile antiaircraft section of the Engineer corps stationed at Washington barracks, Washington, D. C. have a battery of powerful searchlights which are of invaluable aid in searching out enemy planes at night. Daily drills are held and the men are becoming experts in quickly rigging out their equipment.

REHABILITATION OF OUR SOLDIER BOYS.

The United States Government is not going to be content with merely reeducating and rehabilitating its soldiers who have been disabled by wounds, and fitting them for useful and gainful occupations; it is not going to leave them to shift for themselves, but will exert an active continuing interest in their welfare.

This does not mean that the Government is to coddle them or treat them as weaklings, but it is going to take an active interest in securing them work, and in other ways endeavor to make up to them the opportunities and advantages they lost by reason of wounds received in fighting their country's battles.

Every War Savings Stamp purchased Every Liberty Loan Bond and ev-ads in this work.

ALL BANKS TO HELP.

The report that only banking institutions qualified as United States Government depositaries would be allowed to take subscriptions for the Fourth Liberty Loan has been emphatically denied.

"The Treasury Department," says Secretary McAdoo, "desires that all banking institutions shall continue in the future as they have in the past patriotically to assist and cooperate during the various campaigns for the sale of Government securities."

Secretary McAdoo's often expressed gratitude and appreciation of the patriotism and the wonderful effectiveness of the work of the banks of the country in the past Liberty Loan campaigns would seem absolutely to negative and deny that he would refuse to avail himself of their assistance in future campaigns.

HOW NEGROES GO TO CAMP.

A writer in the August American Magazine says:

"Twelve hundred colored drafted men went down one winter night to Camp Upton. They arrived in the dark about eleven o'clock. It was raining and freezing. Many of the men were without overcoats. And they were soft, having been waiters, clerks, and in other indoor occupations. They arrived in camp soaked to the skin, tired and hungry. Were they cursing and grumbling? No. They came in singing.

"Good-by, Lenox Avenue; Hello, Berlin!" And their melodious negro voices rang out in cheerful defiance to the angry night, to the hard life before them, and to the possible death that awaited them! That's the stuff that is in Americans—and it is war that is bringing it out."

FIFTY BACK IN CLASS ONE.

Madisonville, Ky., July 14.—The Hopkins county exemption board has finished reclassifying men of draft age, resulting in about fifty men being placed on class 1 from classes three and four, leaving 169 in class 1 from the registration of June 5, 1917. The board is still at work classifying men who registered last month, and it is expected that close to 200 will be placed in class 1.

THE AUG. AMERICAN MAGAZINE

The August American Magazine leads off with "The Story of the Yankee Kid," which is an account of the exploits of Harvey Johnson, a fourteen-year-old Kentucky boy who has fought in the trenches of Europe. "Seven Good Things Coming Out of the War" is by Dr. Frank Crane, the famous editorial writer. Charles Edison, son of Thomas A. Edison, has written an article called "My Experiences Working for Father," in which he tells some new stories of Thomas A. Edison. Baroness Huard is the author of a war article called "How Would You Like These Germans in Your House?"; Booth Tarkington has written a splendid article called "Using the Kaiser"; Fred Kelly tells "What Kinds of People to Trust in Money Matters," and Dr. Rose says, "You Don't Naturally Get Fat as You Grow Older."

The theatrical article this month is by and about Billie Burke. George M. Reynolds, the Chicago banker, tells "Why the Decisive Man Wins Out," and "Making a Splurge for the Neighbors" is an anonymous article on living too high. The fiction contains stories by such well known authors as Jack Lait, Ellis Parker Butler, Will C. Beale, and Francis Ludwig. Holworthy Hall's new serial continues and the Interesting People and Family Money departments are as interesting as usual.

ATTACKED IN MID-OCEAN.

An Atlantic Port, July 15.—An engagement with a German submarine in mid-ocean on July 6 was reported by a British armed merchantman arriving here Sunday. The Britisher was attacked by gunfire when about half way between the Irish coast and Cape Race. The submarine emerged two miles astern and pursued, opening fire but ineffectively. The steamship returned the fire. Whether a hit was obtained, officers did not know. The German gave up the chase.

SUDEN DEATH OF L. ARNOLD

Lycurgus Arnold, aged 86 years, died suddenly yesterday morning at his home in Trenton. He had been in declining health for some time owing to advanced age, but was able to be up most of the time. He had just returned from the postoffice when he suffered a sinking spell and passed away in about an hour. The deceased was a widower and had been a member of the Baptist church for many years. He served as justice of the peace for many years and was at one time postmaster at Trenton.
